**Project # 1**: Are-We-Out-Of-The-Pandemic-Yet? Pics
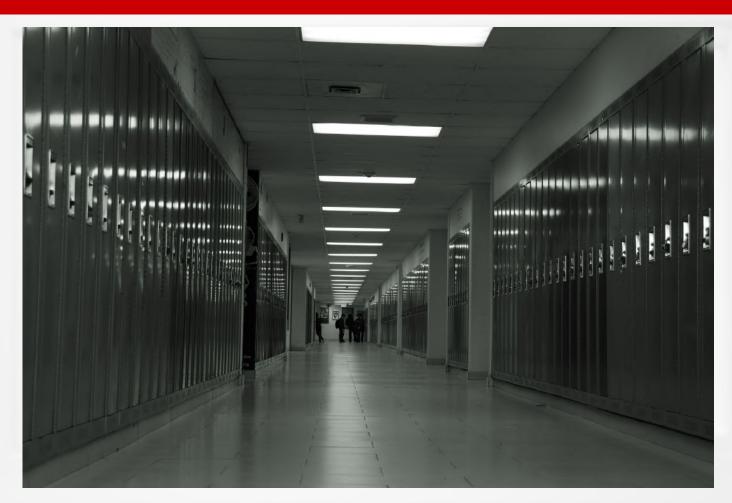

INTRODUCTION

For our next set of tasks (I call them "projects"), we will be getting back to shooting images (be it from your phone, point and shoot or DSLR. As a refresher, here's a number of things you need to keep in mind: **Focal Lengths, Aperture, and Shutter Speed.**

As far as image processing is concerned (B&W, Selective Colour, Muted Colours, Sepia, and Cross-Process), you are to use either **Photoshop** or **Photopea** and follow the theme instructions carefully. For more detailed info on the project, please click **here**.
